

COFFEE, CONVERSATION & IMAGING SOLUTIONS FOR RURAL HOSPITALS

At Fujifilm Healthcare Americas, our CT, MRI and ultrasound systems are designed with the features rural hospitals need to keep patients local. From the widest 1.5T bore MRI on the market to unlimited applications training after the sale, Fujifilm provides workhorse functionality for today with flexibility to meet future imaging needs.

» Disclosure: We're not big on "glitz"

Instead of talking at you through a glitzy marketing brochure, we'd rather talk with you. Please join us for a special virtual roundtable discussion at the NRHA Conference.
